

# Keeping It Clean!

- - ***Tips and tricks to keep our common area clean and tidy!*** - -

Thanks to our big community clean up, Alewife Condominiums are in spectacular shape! To keep them clean and tidy, we ask all owners to please follow a few of our simple tips and tricks...

- ♦ **Bring your belongings with you**— After spending time out in a common area, remember to bring any toys, lawn furniture, or personal belongs back inside your home!
- ♦ **Keep the fence clear**— Always make sure that laundry, carpets, or other items are kept off the fence.
- ♦ **Pick up the trash**— If you have waste with you, leave it in a trash barrel, not on the ground. Never leave bottles or waste behind!
- ♦ **Leave no cigarette butt behind**— If you do choose to smoke near the property, please remember not to leave your cigarette butt. Just like you would for trash, please make sure to dispose of them in the proper reciprocal.

*With your help, we can keep the property looking great! We thank everyone for their participation!*
