

# Banking on the Community.

Tri Counties Bank contributes to programs, organizations, events and activities that enhance the quality of life in the communities we serve. We do more than simply write checks to support community improvement, arts, education and health care. We also give an even more valuable resource—the active involvement from our bankers who donate their time to causes that they are passionate about. It's part of our philosophy. It's the spirit of making lasting connections with our communities. Tri Counties Bank is proud to support Big Brothers Big Sisters.
