mineral water swimming pools

## THE BENEFITS OF MINERAL BATHING IN A MAGNAPOOL

### Our mineral water delivers many benefits to your swimming pool.

- Mineral water that is extremely gentle and therapeutic on sensitive skin.
- Mineral water that is therapeutic for your body and beneficial for your health and well-being.
- Mineral water that has increased clarity, always giving you a crystal clear pool.
- Mineral water that will reduce your carbon footprint on the environment due to decreased water consumption and the reduction of harsh chemicals.
- Mineral water that does not irritate your eyes.
- Mineral water that moisturises and nourishes your skin so you don't have to shower off after swimming or bathing
