INDEPENDENCE Ultimate Charcoal Grill

The secrets to cooking with charcoal lie in how well you regulate the flow of air, and how well you control heat and smoke as it surrounds your food. The INDEPENDENCE starts with a large grill head cast in 1/4" thick aluminum, which heats quickly and evenly, and then helps you maintain a consistent cooking temperature. The tall grill head, with its adjustable cooking grids, maximizes volume to give you freedom to tackle any size meal - from burgers and brats to a 20-lb. turkey with stuffing on the side. All temperature control components are laser cut from restaurant grade 304 stainless steel (12-gauge) for long life and precise control. Includes Precision Probe Heat Indicator. **PORTABLE**, includes cart, heavy-duty castors and side shelf. (10620)
