

2013 Fall Showcase Fireplace Sale!

DIRECT VENT FIREPLACES

Napoleon BGD36CF Contemporary Fireplace

This direct vent fireplace introduces elegance and charm to your living room or bedroom. It's handsome face and radiant flames provide a miraculous atmosphere for you and your guests. This louver free fireplace provides up to 17,000 BTU's that can easily be controlled with the unit's built-in heat adjustment system. Approved for bedrooms, bathrooms, and even mobile homes, which gives this fireplace more versatility than most! (10312)

\$799

Cameo 36" DVM500 Fireplace

Make the beauty and warmth of fire the center of your home with a direct vent fireplace from Majestic. The Cameo 500 from Majestic provides up to 904 square inches of viewing area and up to 32,000 BTU's. Glowing ceramic fiber logs featuring a Natural Blaze burner with random dancing flames and large ember bed. (932)

\$1199

Tahoe Deluxe 42" DVD42 Fireplace

For quality, value, and selection, the White Mountain Hearth collection offers more of everything you're looking for in an attractive direct-vent fireplace. Louvers at top and bottom help circulate the warmed air. All controls are discreetly concealed behind the lower louver. (36801)

\$899

Tahoe Luxury DVX36F Fireplace

Tahoe Luxury models retain the same overall dimensions as Premium models, but feature ceramic glass (for better heat transfer), a unique Banded brick liner, automatic blower, and an intricately detailed 13-piece log set atop the all-new extended Slope Glaze Excess Burner for a fuller ember bed. (37538)

Includes:

- Blower Fan
- Brick Lining
- Backdrop Lighting

\$1799

DVP36SP32E See-Thru Fireplace

The large heat-resistant, tempered glass window provides an unobstructed view of the natural dancing flame log set. Its expansive ember bed and lazy flickering flames, complete the scene for your viewing pleasure. The see-through system is viewable from two sides for built-in-wall applications. It creates a stunning visual effect and serves as an efficient supplemental zone heat source for two adjoining rooms. Louvers at the top and bottom help circulate the warmed air. All controls are discreetly concealed behind the lower louver. Logs (23889) Fireplace System (23888)
