ABOUT US

ChristTube was developed by a passion to advance the gospel of Jesus and connect Christians and future Christians using technology and social media. The founder of ChristTube has over 25 years in the field of technology, the vision to be build a social media platform for Christians began 7 years ago. The founder having a desire to level the playing field for all size churches, pastors, businesses and Christian brands having a platform to expand their messages started the mission.

Social media has changed the way we operate and communicate in society, so now the church and the body of Christ will become relevant and have a global footprint for Christians to communicate and share their faith and love for Christ in a non-censored environment.

However, to complete the journey and share the vision we need "You" and your donation, while sharing this vision with others both online and offline.

No matter how small the donation, as brothers and sisters in Christ you are counted as stakeholders in our mission to deliver the Gospel of Jesus Christ to a dying world. If you are unable to provide financial support, please pray and share the vision with both the SAVED and UNSAVED. (Isaiah 55 2-3)
