

Scenario 1.

70 year old 'Mary' takes her weekly trip to the supermarket.

1.

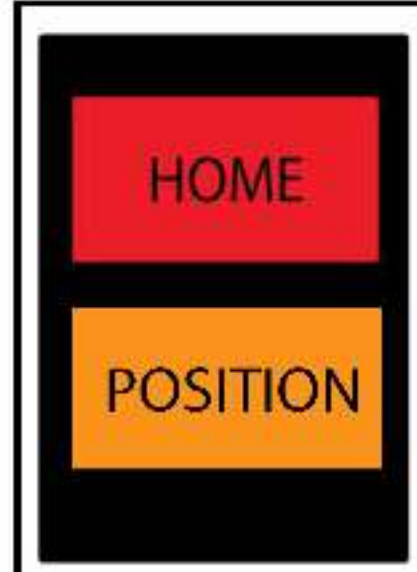

'Mary' becomes confused with which way to go home.

2.

'Mary' looks down at her wrist and presses the location tile on the Forget Me Not wristband.

3.

'Mary' then presses the home tile.

4.

A map of where 'Mary' is and which way to go home comes up on the screen.

5.

'Mary' follows the line and makes it back home safely.

6.

Scenario 2.

70 year old 'Mary' is at home when her family visits.

a.

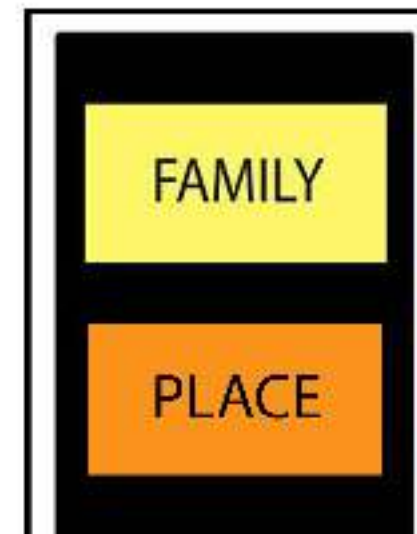

'Mary' can not remember the names of the family members and is becoming confused.

b.

'Mary' looks down at her wrist and presses the image tile on the Forget Me Not wristband.

c.

'Mary' then presses the family tile.

d.

The family member says their name to the Forget Me Not wristband.

e.

Images of that family member then appear on the screen.

f.
