

History

The Cheeseburger Festival started in 1999. 5,000 people attended the first festival. It originally lasted only three days, but now lasts for ten. The festival is a tribute to Jimmy Buffett, and has all things cheeseburger. From t-shirts to hats, the festival has it. There are many activities and musical events to suit all ages. Building sandcastles, the cardboard boat race, and the hoola hoop contest are just a few things that the Cheeseburger Festival has to offer. If you like cheeseburgers and family fun, this festival is for you.

Caseville is located along the coast line of Saginaw Bay. It is a short distance from Port Austin and has many things to do. There are many restaurants and shops, and it has a large beach. If you want a family friendly atmosphere in the tip of the thumb, Caseville is the place to go!

16th Annual Cheeseburger Festival
