Backed by years of customer satisfaction, GPI's Paulson playing cards are used by many casinos throughout North America. We manufacture all of our playing cards with stringent internal controls to meet our customers' high expectations for quality, durability, and aesthetic appeal.

In continuing our goal to address changing customer needs, our new Paulson Plastic Playing Cards offer the same high quality you expect from GPI with the benefit of being able to withstand long, repeated play. These new cards have the classic snap and feel of traditional paper stock cards and are tear, smudge, and scuff resistant. Best of all, they are also compatible with shufflers. We offer a wide range of customization options so you can design the perfect card for your property.
