## MARINA

The York River Yacht Haven Marina is a premier home and destination for boaters in the Southern Chesapeake Bay. In our 315 slips, there are floating docks, fixed pier docks, 35 covered slips, and 6 with boat lifts. Our outer docks feature 15-20 slips for transients and visiting clubs and cruising groups.

Newly renovated heads and showers, a pool, and a meeting/event space serve slip holders and transient groups. We have even hosted weddings. Our experienced staff will make a stay of any duration a fun and memorable experience.

Our fuel docks feature ValveTech additive formulations of non-ethanol gas and diesel to guard against the issues surrounding ethanol in gas, improve the lubricity of low sulfur diesel, and stabilize fuel when your boat is not in use. Our outer slips and fuel docks can service yachts to 70 feet and 8 feet of draft at low tide.

## BANQUET ROOM

Overlooking the Southeast of the Marina is our Banquet Room, this area is used for meetings, receptions and celebrations, with a great view, full kitchen and a wonderfully covered deck, it's a great place for any event you may have an idea for.

## SERVICE YARD

Whether you need an oil change or a complete refit our yard has the people, tools and experience to take care of your boat at competitive prices. We paint boats up to 55' feet with the latest Akzo Nobel products. We also know you like to work on your own boat and are pleased to allow DIY owners that option. If you need outside specialty services such as electronics repair, we will arrange for that as well through the Service Department.

We have the equipment to haul and move boats up to 65 tons with two Travelifts, a hydraulic trailer, and two scissor lifts to reach hard-to-service areas on deep draft vessels out of the water. There is room to haul, service, and store 75-100 yachts depending on size.

## BOAT RENTALS

Thinking about how great it would be to use the Marina and not own a boat? Rent one of ours and take friends and family out for a delightful day on the water!

## SHIPS STORE

Our ships store offers a wide assortment of parts, cleaning supplies, lubricants, boating apparel, and personal accessories. Daily delivery from our Port Supply partner insures rapid, hassle free sourcing of hard-to-find parts.

## RESTAURANT

The York River Oyster Company Restaurant on our docks offers award winning dining to those who arrive by sea or by land. Classically trained chefs turn selected local ingredients into memorable meals. And our complete bar will keep any sailor's whistle wet.

## SHIPS STORE

Our on-site office of a major East Coast yacht brokerage company, Bluewater Yacht Sales, is there to provide you with the best advice for new and brokerage yachts whether you are buying, selling, or dreaming.

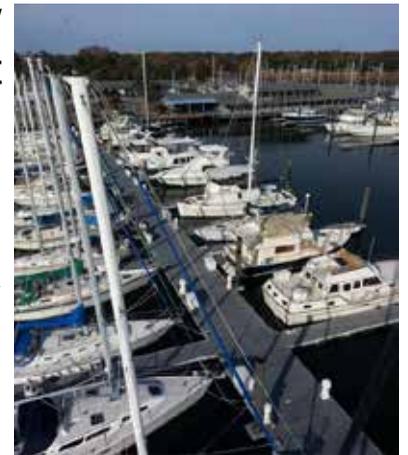

## LOCATION

We are on lovely Sarah's Creek at the mouth of the York River in Gloucester Point, VA. Convenient deep water approach and departure through a well marked channel gets you in and out of the Bay without the many twist and turns of a long approach of many other marinas.

Visit historic Yorktown by water taxi, your own boat, or car. Yorktown has public docking for dining, shopping or touring some of the oldest dwellings in America. We are close to Newport News and Richmond airports and Amtrak rail stations if you need to leave your boat for a while or just change out a cantankerous crew

member. If you are headed to the Intracoastal Waterway, it is just 34 nautical miles to Mile Marker Zero in Portsmouth and our sister facility, Tidewater Yacht Marina.

Please join us at one of the prettiest spots on the Bay for a day, a week, or a lifetime.
