We appreciate your past enrollment in The American College of Surgeons Insurance Program — and trust that it met your needs at the time. Yet as your practice and family commitments grew, you may have left us in search of coverage with higher limits. So we were pleased to announce at Clinical Congress 2015 that we've made our program even better than before.

That's why now is a good time to review this valuable program and see how even with these higher limits, you may still save over your existing protection. ACS has authorized the plan under writer New York Life Insurance Company to discount their base premium rates on most of our insurance plans making them excellent values by themselves. But most important:

You can receive an additional 25% Package Discount when you have:

- .. one of the Term Life Plans .. the Long-Term Disability Plar
- , and the Accidental Death & Dismemberment Plan,

So between our rate discounts and our Package Discount, you can expect affordable premiums for a portfolio of insurance protection that can offer peace of mind for your family, your lifestyle, and your standard of living. And we've improved the ACS Insurance Program since you had coverage in two significant way.

- Your maximum total life insurance protection under ACS plans increases to \$4,000,000.
- Your maximum available monthly disability benefits increase to \$15,000.

You'll find highlights of our available coverages on the back of this letter, and more complete information' in the enclosed brochure. Just complete a new All-In-One Application, and return it in the enclosed postage-paid envelope to see if you qualify for this valuable protection. It can financially help your family and loved ones if you're no longer around. Protection to help retain your standard of living should you lose your ability to practice due to a covered disability. Plus protection against financial hardship from a crippling or fatal covered accident.

Don't send any money now — we'll bill you later. If you are approved for coverage by New York Life Insurance Company, you will receive a Certificate of Insurance explaining each coverage you have requested in full. Too can take a full 30 days to review your coverage and make sure you are satisfied. If you deted you do not want this insurance for any reason, simply notify us within the 30 coverage and make sure you are satisfied.
