YUHAAVIATAM CAMP

The San Manuel Tribal Unity and Cultural Awareness Program was formed in 1996 to preserve Serrano culture and history, as well as Native songs that are traditional to the region. The Unity Program has for over a decade held the Yuhaviatam camp trip to connect Tribal Members to these traditions, offering piñon nut gathering near the city of Big Bear Lake and the opportunity to visit Serrano sacred sites.

We invite you and your family to join us in Big Bear this year, two weekends before Labor Day, to experience the living traditions and lands that are part of our shared history and heritage.
