Programs shown on north Andover CAM's public access station cover a wide range of topics such as education, politics, culture, religion, and entertainment, which in turn, attracts a variety of demographics.

Our Community Bulletin Board (CBB), televises messages and information to the residents on all three channels. Community groups and individuals use our CBB to post information regarding local events, community information and alerts. Bulletins are televised for 10-15 seconds on a 6-8 minute rotation. The CBB airs approximately 18 hours per day to a subscriber base of 10,000 households.
