MARKETPLACE FOR TALENT

RENDEZVOUS WITH
THE MULTI TALENTED
ENTERTAINER

MANIK BHATHEJA

A true inspiration comes from a candid story of success. Manik Bhatheja – The dancer is no more an unknown face in the entertainment industry and is a true inspiration for the newcomers.

One cannot ever think of the hardships a star usually faces in his initial phase. While getting the best is always a dream for the pursuer that

keeps on clinging consistently. This is how the runway of an upcoming stellar, moves ahead, be it any field of talent acting, singing dancing or any other.

If talked about this multitasking dancer, singer, and choreographer, his story also had some Jekyll's and Hydes. However, on account of his enigmatic personality and magnificent skills he is now reigning the hearts of talent savvy people.

TELL US SOMETHING ABOUT YOU!

Started career in 2004 when I was in 10th. Then I took it to intermediate level. My foremost interest was in Jazz. Learned advance level jazz training with Delhi-based Jazz academy, Dreamz.

PROFESSIONAL TRAINING

To feed up my zeal for dance I got professional training for salsa as well from Salsa India in 2007 by Kaytee Namgyal. He is a renowned figure in the field of dance and choreography representing India. The perfectionist and the heart & soul of Salsa India. Salsa dance is for elderly and I was the youngest in the school.

FIRST APPEARANCE ON TELEVISION

MTV was the platform from where I got the opportunity to appear on television for the first time. However, it was just as a back dancer.

TRUE MENTOR WHO GROOM YOU UP

Kaytee Namgyal. He gave my life a splendid turn, totally groomed me up.

Although being trained in Jazz, I got an opportunity in salsa by himself. He is the one who picked me up among various elderly dancers in his dance school Salsa India. I even got free dance training in Hip – hop from him. Also a chance to support in choreography as Assistant Choreographer in Mumbai. Under his supervision, I gave training to some of the renowned stars, Hard Kaur, Atif Aslam, Raghu Dixit and band, and other renowned bands as well.

From there I started enjoying on being adored in the entertainment industry.

I had my makeover done by none other than the brand herself, Mad-o-Wat, Sapana Bhavnani. Became totally changed and started my own dance studio, Big Dance Centre.

ABOUT JOURNEY TO DID

After returning from Mumbai, I got a call from Dance India Dance- Doubles auditions. From where I got to make Jodi with MAX aka Raftaar now. At that time hoardings of MAX & Manik were all around. Qualifying to the final 8 was like a trance to which I was reveling in. We both enjoyed and learned a lot under 'Rajeev D Rocker' team. He also gave me a chance to assist him in various movies.

BREAK IN BOLLYWOOD

After Dance India Dance I got the biggest break in Bollywood. I worked as an assistant choreographer/team dancer for Bollywood under renowned banners such as UTV productions 'ABCD' by Remo D's Souza and Vishesh Films 'Jannat 2' by Raju Khan.

ABOUT EXCURSION TO THE MUSIC WORLD

Two years back I made my own company Dance Era under ICCR (Indian Council for Cultural Relations). With which I performed a live show in palm Jumeirah (Dubai) with legendary names such as Yo Yo Honey Singh, Jassi Sidhu, Sukhbir, Jazzy B and DJ shadow as well.

Having long acquaintance of 12 years with Yo Yo Honey Singh, I started my career in Music Industry with his support. Also, collaborated with Sonu Kakkar in the song 'Shaman Paiyan'. From there I started creating my own albums, music shows and organizing events as well. Also directed 'The Great Indian Wedding' Bollywood musical video.

My latest song 'Pick It UP' has created a boom among the listeners of all age.

YOUR GROWN-UP DANCE VENTURE

Presently I have a complete team, a whole of 25-30 dancers/choreographer. With their support, I am able to plan entertainment for Grand Weddings in Delhi and abroad as well. We as a team, are doing the biggest wedding planning in India.

Our honored high-staged clients are Dilbagh Pan Masala, Space Builders, IndiaGate Basmati Rice and many others like so. I love to teach at workshops and inculcate young talent. But it has been almost a year I stopped teaching.

ABOUT FUTURE PLANS

With my personal experience in choreography, dance, acting and music I wish to direct a film in my late 40s. I would like to give a commendable treat for talent with my good choice of music and dance. I am an entertainer and an entertainer never dies. Maybe I will be directing dance or singing at my old age also.

ON STRUGGLE EXPERIENCE

Things went very bad at the starting phase. But my family was quite supportive. And from a sports person I turned myself totally a professional dancer.

TYPE OF SPORTS

I was an athletic guy having a marking history in varied sports like volley ball, shortput and running as well. And with my family support only I managed to move ahead with dance as a career. Now the routine has shrunk up so much that I manage to do yoga only. However, it rejuvenates me always like anything. To think of sports you need to be a kid by heart. But at a mature age, it's not possible.

ANY SUGGESTIONS FOR NEWCOMERS

Every artist needs to give time to them, at least 2 years. Take your own time to decide which stream suits you the best. Look at me. I changed myself totally from a novice in Jazz to a professional trainer of Hip-Hop. So, I recommend to think on your prowess and then give it a bang.

Perfect shape-up is also necessary for which boys can learn dance like jazz, hip-hop, and other street dance forms. While girls can pay attention on ballet and Kathak at an early age. In all, grooving is important which should be from inside. Then professional education and training go hand in hand.

INTERIOR DESIGNER

PRADEEP KAUSHIK, the talented and steadfast interior designer is very good at making the interior live with his creations. He specializes in using his creativity to give the feel of ecstasy to interiors.

DJ KARY ARORA

Kary Arora, one of the phenomenal names on Bollywood and Music Industry, especially being the first female professional DJ in Delhi. With her intense inclination towards poetry, sketching, music and storytelling she ventured into music composition, writing lyrics, grunge, singing and rapping. Hence, made her presence commendable from Jingles or Bollywood Songs, in Indian music and film industry.

She has successfully managed between varied roles; be it a Songster, Musician, Music Director or an Audio Engineer. Kary is one of those fewest breeds of music directors who would walk even a mile to record the best suited tunes. And come up with absolute fantastic songs essential for meeting the demands of the script.
