'The Real Man behind *Pammi Aunty*'

Ssumier S Pasricha

An actor is someone who breathes life into the character. And a comedian is one who make people laugh with hilarious yet sarcastic tone. But when you get a perfect combination of both actor and comedian, you get a stupendous merger of talent and that's what Ssumier's personality evokes. Ssumier S Pasricha is an Indian Television and Film Actor who has taken internet by storm with his peerless performance of an uncouth Punjabi alter ego, Pammi Aunty, nowadays. He is...

The Real Man behind Pammi Aunty

Pammi Aunty is a middle aged Punjabi woman who has opinion about everything. This character after taking internet on storm has spared nothing from Brexit, to UEFA Euro 2016, Airtel 4G and even Game of Thrones. Her outbursts about everything are under the sun. Sporting giant pink glasses, hair tied in a towel with the stuck-on curlers, she denounces her daughter-in-law in her typical Punjabi accent. This Punjabi aunty is on a spool being deliriously hilarious. Having risen to popularity after portraying Shubroto in Code Red (Indian TV series), Shailu in Sasural SimarKa on Colors TV channel & Randy Bhai in a Musical English play "Mahim Junction", produced & directed by ShekharKapur / SohailaKapoor, Ssumier's recent creation have become a craze for the audience. Utopeen had a tete-a-tete with him and got to know some of his insights and career planning. Get through with them!

You were ten years old when you realized that you wanted to become an Actor, what was the spark that led you into it?

That's True, I was 10 yrs. old when I started doing theatre in School. But I did it purely out of passion and interest in curricular activities. Thanks to my school teachers in Modern School who encouraged me in this. But I never knew I would become an actor or pursue it as my career, it was too young to decide anything for me then...

Seven years ago you got your first film signed & within 6 months you were seen in two plays & a mobile campaign alongside with Abhishek Bacchan, is it luck of adding extra 'S' in your name or something else?

I was doing plays much before I signed a film. Yes, an extra S did change my life and I signed my first film right after 15 days of adding an extra S to my name. Yes, it is luck. But I too have confidence in my acting and my hard work. You do need a luck, but more than that is your hard work...

Tell us your journey from 'Hum Tum Shabana' till your uncouth Punjabi alter ego as 'Pammi Aunty'

Hum tum Shabana was my Passport to Mumbai. So it happened to me as a destiny. But unfortunately my role was fully edited. I was not even shown in the movie, hahhaha

So movie neither did any wonders to me nor at the box office. But yes, I started auditioning for TV & serials during the same time while I was shooting. As I said hard work pays one work, led to another, and my journey then started....and it's still on going. I am not just Pammi Aunty what you see me now.

I have done good works in television and international documentaries as well. I recently finished my German movie with Dir. Kevin Rumley. Apart from being just an actor I am also a Fashion photographer. So, when not in front of camera, I am behind the Camera.

How is SsumierPasricha different from Pammi Aunty in real life?

Ssumier is not a gossip person and doesn't interfere in anyone's life. "Apnekaam se kaamrakhnewala". A helpful, creative, fun loving and yet a god fearing, spiritual person. Totally contrast to Pammi aunty!!

What acting methods do you use to create a believable character?

My Acting Method....Well, I never studied acting. So I would rather say 'I act from heart whatever I believe in'. But yet if I have to name a technique then I would relate my acting to Method Acting and Meisner Acting Technique, which are more related to actor's instinct and actor being more spontaneous....

What are your future plans?

Future plans are always good to make big in the industry and keep growing as an actor and a person.

Any advice to newbies? How a newbie can earn and survive at the same time in this?

Newbies.... I like that term lol... Well! Please, please, please, Stay focused! Stay positive, associate yourself with right means positive people. And just give your 100% whenever it takes as there are no short cuts at all. Recently, Ssumier's performance on the country's most credible NDTV Unicorn Start-up Awards 2016, also created a wave all among his fans. PammiAunty's humorous take on Start-ups amused the audiences all the more.

A man with dark hair, wearing a white long-sleeved shirt and a blue textured vest, stands in the center of the frame. He is looking directly at the camera. The background is dark, suggesting an outdoor night event, with yellow and orange string lights visible. Other people are faintly visible in the background. A blue graphic element is in the top right corner, and a white text box with a blue border is in the bottom left.
