Shape & Mould your future

The **Shilp Ignite™** program is divided into different domain areas covered on a monthly basis. Each domain is further categorized into age-appropriate topics or modules that your child would be trained on. A set of sample topics is provided as guidance for each of the domains. Special projects and assessments would be undertaken as the school's timetable and calendar permits.

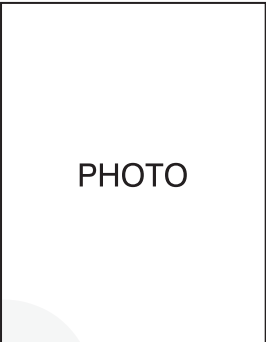

Optional Domain – FINANCIAL LITERACY (Sample topics: Needs vs Wants, Savings, Credit card, etc) for Classes 6 and above

Dear Parents,

We are pleased to connect with you and your child through our Shilp Ignite™ Life skills and Personality Development Program. In today's globalized & complex world, each of us wishes that children, in addition to academic performance, are able to seamlessly adapt and cope with real life situations and settings, through their positive attitude and righteous decision making.

Student transformations take place only with active and continuous involvement of parents, school and teachers. Our trainers act as facilitators to the children and teachers through this process.

This student workbook would be updated periodically by your child and as parents, we urge you to work with them and the school to shape and mould their future!

We hope that this wonderful initiative by the school motivates your child to achieve personal and professional success in the years to come!
