Get a Bachelor's Degree in Culinary Arts.

Currently NECI offers a BA in Hospitality and Restaurant Management for those interested in entrepreneurial aspects of the hospitality field. NECI is in the process of expanding the bachelor's programs to include a BA in Culinary Arts.

With two different BA programs, NECI students could have the chance to advance their career opportunities in both front of the house and the back.

NEW

Top 5 Reasons to switch to a BA Program:

1. You've already paid for the first two years in the AOS program and you'll be two thirds of the way through the BA!
2. Of the remaining 15 months in the BA program, only 6 months are in residency, the remaining 9 months can be spent off-campus and you can be working while doing online class work.
3. Advancing the scope of your culinary knowledge can increase your chances of getting the job of your dreams.
4. A BA can increase your earning potential.
5. And, you get to spend extra time with your favorite instructors!

Since you're on your way to completing your AOS, why not stick around for a few more months and have a BA under your toque? I mean, would you walk away after the appetizer without staying for the whole meal? admissions@neci.edu or 223.6324
