

Lap of Luxury

As puppies become the pseudo-children of today, Lap of Luxury aims to design high end dog products for loving dog parents that believe their fuzzy child deserves the best. Dedicated to accessible luxury, these print & pattern driven products will not only express your little one's unique personality, but also reflect your personal style.

Each season, we start with a color palette and develop on-trend prints & patterns for your little loved one. Combined with high quality fabrics and materials, there isn't a pet boutique out there who cares more about your fuzzy baby than us.
