# THE COOL GALLANT.

IN SPIRIT. REVEAL. SOMETHING BREATHTAKING.  
CLEAR. AS CRYSTALS. THEY MAKE YOUR  
HEART SING AND DELIGHT YOUR EYES.

At Gorenje, we do not wait for inspiration to reveal itself. We find it. And when we do, we nurture it. For our refrigerator to be hand-encrusted with thousands of Swarovski crystals. It will probably be the world's most extravagant refrigerator.

Simplicity is its motto. It wears black in order for the crystal to shine through, offering them modestly to the jealous eye. This is not a dream. Wherever you put it, it will be the center of the attention. It does not have to prove itself to anyone.
