

# TWO MEN IN A JAR

A Voyage of Discovery...

Now to launch Grey Poupon to the world.

The wine in our mustard makes all the difference.

Its flavour is as deep as the ocean, Monsieur Poupon.

I only hope we don't get to see how deep that is, Mister Grey!

Dijon, 1777. When Auguste Poupon encountered Maurice Grey, history and one of one of the world's finest mustards were created. Grey Poupon is blended with Burgundy wine not vinegar for a uniquely smooth flavour. Vive la difference! [greypoupon.co.uk](http://greypoupon.co.uk)
