The Eagles is a "must-play golf course" on your visit to Tampa. Located just north of Tampa Bay Downs Race Track, The Eagles features two 18-hole golf courses surrounded by more than 30 lakes, ponds and canals. The Lakes course sports an abundance of water hazards, elevated greens and many fairway bunkers. Large oaks are scattered throughout this Ron Garl and Gary Koch design. The Forest Course features the signature island-green sixth hole which rivals the famous 17th hole at TPC Sawgrass. The greens were recently regrassed with Champion Ultradwarf Bermuda, the grass about which the PGA Tour players are raving. Visitors from the North have said, "They roll just like bent grass greens." These two outstanding championship courses are kept in tournament condition year round. The Eagles has all the amenities and ambiance of a private club: lounge, canopied terrace and restaurant with panoramic views. The friendliest staff in the Tampa Bay area and great food to finish off your round are waiting for you at The Eagles.

All upgrade charges above are in US\$ per person and include green fee, cart fee and taxes.
