In December 2000, Land O' Lakes Florida became home to a great course with the look and condition of an upscale private club. It has since gained a reputation as one of the very best courses in West Central Florida. Just 10 minutes north of Tee Times USA's North Tampa hotels, Plantation Palms is fair but challenging. Golf course architect David Harman, who also designed the award-winning Panther Lake and Crooked Cat Courses at well known Orange County National, carved this masterpiece from a 400-acre citrus grove that slopes from west to east, providing interesting elevation changes on many holes. The course quietly starts with a welcoming, 561-yard (from the back tees) par 5, then slowly steps it up with a mixture of adult-strength par 3's, elevation shifts and the attractive framing of greens with the use of pine trees, water and large, snow-white sand bunkers. The true-rolling, elevated greens have good movement and are a delight to even the most discriminating golfer. Water is in play on 17 of 18 holes.
