

At Denton Regional Medical Center, we know the right team makes all the difference. Our team of experts perform thousands of advanced medical procedures every year, helping our patients get back in the game. That includes more than 350 physicians at the top of their fields, representing 40 medical specialties. And we're here for you 24 hours a day, 7 days a week. That's why we're more than just a hospital.

**We're care you can trust.**
