

*Looking for your  
perfect island residence?  
Just ask a neighbor.*

Those seeking a home at Amelia Island Plantation often begin by just looking around and asking questions. We suggest that they ask a future neighbor – our real estate professionals who live and work here every day.

Yes, nobody knows this marvelous community better than Amelia Island Plantation Real Estate Sales. We've been developing and selling here since 1973, and with over 280 years of combined experience, it's no wonder that a vast majority of sales are handled by our real estate associates. Ask us about the subtle differences between communities within The Plantation. Ask us about all the amenities and advantages – especially the prestigious Amelia Island Club. Ask us about a home or villa that expresses your individuality and taste.

We'll do everything we can to share the treasure we ourselves have discovered – the pleasures of owning at Amelia Island Plantation.
