LIVING IN *style...*

Four distinctive Mediterranean-style buildings will make up Dunes Club Villas. They will

carve a stylish, brilliant profile against the blue Florida skies. Each floor of the Villas contains just two four-bedroom residences, each one open to the breezes, the light and the views from three directions.

Remarkably spacious, each home will have 3,200 square feet of elegant living space and over 960 square feet of balcony. Designed to make the most of Florida living, Dunes Club Villas capture a casual luxury that combines comfort, grace and charm. Residences on the fourth through

seventh floors feature ten-foot, four inch ceilings

to take full advantage of the extraordinary views. And, the

seventh-floor penthouses feature upgraded finishes. For convenience and privacy, each residence will be afforded two underground parking spaces as well as private elevator

keys for each villa.
