

A HARPER'S BAZAAR PROMOTION

Raheja Design and Contract Limited (RDCL) was started in 1992 by Suresh Raheja as a vital arm of the Raheja Group. Since its inception, RDCL has been scaling new heights of success driven by its advanced engineering techniques, innovative design, architectural expertise, and quality construction. As a result, RDCL has brought about a sweeping change in a completely fragmented and unstructured residential environment. Possessing a keen insight into the role of builders, RDCL has managed to blend high-quality construction with solid foundations seamlessly, bringing alive for its clients and end-customers an intuitive and invigorating experience conducive to an über urbane lifestyle. RDCL's expertise in designing and delivering world class buildings reflects in the fact that it was one of the partner companies involved with the renovation of the Parliament and took 10 days to construct the Bharatpur Forest Lodge in time for Prince Charles' visit to India.

That's why, if you've been looking for that perfect place that lets you get away from it all, look no further than RDCL's latest project in Mansarovar, Jaipur. Besides the fact that you will be living in the new, posh area of Jaipur, the other reason why you would want to set up your home in these superbly built condominiums is the fact that they have put together everything you need to experience incredible, indulgent luxury, including a gym and club within the complex!

The lush green surroundings are complemented by a world class infrastructure while the stringent security arrangements let you leave all your worries behind. The earthquake resistant design and the proper firefighting mechanisms fitted on each floor make this building one of the safest living spaces for you to invest in. The chic interiors boast of Kohler fittings, solid wooden frames for windows, and laminated doors. All of you who wanted to live like kings in grandeur and style, book now and experience a life of sheer bliss.

"We strive towards excellence in not just property development but also interior designing. In our 20 years of existence we have come a long way & each step has been exciting, rewarding, challenging, and a learning experience that we have collectively inherited. It is our goal to continue this exceptional journey to becoming a world-class service company and an employer of choice, taking pride in our excellent products and services."

Suresh Raheja,
Managing Director

Live the Life LESS ORDINARY

MAKE YOUR LIVING SPACE
EXTRAORDINARY...!
A STATUS SYMBOL

It's a luxury reserved for few. When you want your space to reflect your many moods, come to us! Condominiums, residential complexes, apartments—each of our masterpieces promise perfection. That's why; life's a never-ending celebration of all that's extraordinary for those who believe in us.

- Developed on JDA auctioned plot;
- Kohler sanitary fittings in the bathrooms;
- Solid wood doorframes & windows;
- Laminated wooden doors
- Rope-less Schindler lifts for the first time in India;
- Raft structure for earthquake resistance.
