Butterfly Ballerina

More girly fun... A Butterfly Ballerina Party!

Enchant her with these magical party ideas!

* Butterflies and ballerinas...what a perfect party theme for little girls who love to dance and dream! Create an enchanting scene with shimmering pink, white and lavender tulle, floral garlands, twinkling white lights and sparkly paper (or nylon) butterflies fluttering from above. Look for ballerina party decorations to tie in the dancing theme. Sprinkle pretty pink flower petals and confetti in the shapes of flowers and butterflies onto the party table. Ask each guest to come dressed in her favorite tutu. Upon arrival, crown each girl a "Butterfly Ballerina" by presenting her with a tiara and magical fairy wings to wear and take home as a lovely keepsake.

☉ The Twirly Tutu Wand (see Bonus Project) makes the perfect party favor... no sewing required! Attach printed name tags onto the wands to use as placecards at each table setting. Or place the wands inside a decorative glass vase wrapped with tulle for an enchanting table centerpiece.

☿ As a fun party activity, the little dancers can decorate butterfly shapes cut out of pink and lavender cardstock (see template on Pattern Sheet) using glitter glue, sparkly sequins and gems and chenille stems for the antennae. You can also use the butterfly template to make delightful party invitations.

Sweet Surprises... yummy party treats and favors!

* **"Tutu-Cute" Cupcakes:** Use the Twirly Tutu Wand (see Bonus Project) as inspiration to make enchanting tutu cupcake toppers. For each topper, cut three 6" pink tulle circles. Stack the three tulle circles, then insert a 6" lollipop stick into the center. Gather the tulle layers around the top of the stick for the skirt, then hot glue into place. Glue a piece of 1" wide ribbon around the top of the skirt for the bodice and two 1/8" wide ribbon pieces on the inside edges of the bodice for the straps. Decorate the tutu with glitter glue, sparkly gems, small ribbon roses and other girly trims. Insert the tutu toppers into frosted cupcakes. Display on a cake stand for a delightful centerpiece or attach name tags onto the lollipop sticks for sweet cupcake placecards.

☉ **Butterfly Cookie Wands:** Chill sugar cookie dough, flatten, then use a butterfly cookie cutter to cut out shapes about 1/4" thick. Insert cookie baking sticks halfway into the bottom of the cookie shapes. Bake on a parchment paper-lined baking sheet according to recipe. Frost the cookies with pink and lavender icing topped with candy sprinkles (for a sweet party favor) or have the little ballerinas decorate them during the party as a fun food activity. Pipe icing dots or use round candy decorations for the eyes. The butterfly cookie cutter can also be used to transform ordinary party sandwiches and dessert squares into enchanting ballerina treats.

☿ **Butterfly Ballerina Lemonade:** Little ballerinas will delight in drinking their pink lemonade with these fun butterfly straws! Use the miniature butterfly template (see Pattern Sheet) to cut the butterfly shapes out of patterned scrapbook paper, cardstock or colored vellum. Decorate, then cut two small slits across the middle. Insert a bendable straw into the slits and drink in the fun!
