What makes euroClinix different?

A new age clinic ready for your wellbeing. Fast, safe and easy medical attention.

Now that you're registered with us, you can take full advantage of our complete range of healthcare services.

We pride ourselves on being more than a provider of medications. We're committed to helping each and every one of our patients to get the best possible results from their treatment.

- **Free help** and advice from our doctors and pharmacists
- **Priority** assistance from our Patient Support Team
- **Exclusive** discounts and promotions
- **Patient Log-in** for fast-track reordering

- Over 100,000 registered patients
- Providing online healthcare since 2005
- All treatments prescribed by registered EU doctors
- Genuine medications from regulated pharmacies

euroClinix offers services and support in 12 different languages, providing on-demand healthcare services across the whole of Europe. Wherever you are, whatever you need, we can always get your treatment to you, and we offer free delivery on all orders to the UK and the EU.

Support and advice

Our Patient Support Team is here to provide help and advice at any point before, during and after your treatment. You can contact them via phone, email or by using the Live Chat application on our website. If you'd like to consult one of our doctors directly, just drop them an email at doctor@euroClinix.net.

Impotence

If you or your partner are struggling to either get an erection or keep it going, you will be surprised to hear that most men go through this at different stages of their lives.

Our medical specialists are able to help diagnose and arrange treatment for you online. euroClinix can send genuine treatment straight to your door without anyone else knowing.

Weight loss

With over 6 years experience in helping thousands of men and women in the EU lose weight, euroClinix helps to assess your BMI and medical suitability for a wide range of treatments to help you get back on track - with the downside being that you may need to buy a new wardrobe.

Contraception

A service introduced in 2010, euroClinix offers a convenient online prescription service which means that you will no longer have to hang around in waiting rooms at your surgery. Next-day delivery options are available and as with our entire service, your discretion is assured.
