discreetly online

GMC registered doctor
reviews your consultation

UK registered pharmacy
dispenses your medication

HealthExpress.co.uk, established in 2002, is the UK's favourite online clinic for treatment of impotence, male pattern hair loss and smoking cessation.

Our service provides an online consultation with GMC registered doctors. They will assess your medical information and prescribe a course of treatment that is most suited to your condition. Once approved, your medication will be dispensed directly from our accredited pharmacy with free next-day delivery.

For your free consultation call our support team or visit our website today. Quote code **RYDER** for a **10% discount** on all treatments.
