This year's Christmas tree which, for the first time ever, was decorated more by kiddos than me! I couldn't be more proud of them and our beautiful tree!

My son participated in a Jeep run benefitting Toys for Tots in far northern Illinois. There were over 600 Jeeps in attendance! The amount of donations far exceeded expectations and an additional semi-truck had to be brought in for all the toys. The night before the event, we decorated his Jeep.

Our Christmas tree is decorated with a family ornament from nearly every year since we've been married.
