BILTMORE®

SouthernGates®
COLLECTION

First Edition

Biltmore Jewelry by Southern Gates® honors the legacy of George Vanderbilt and the extraordinary artisans that helped bring his masterpiece to life.

From fine details found in the exterior stonework, to grand wood carvings seen across ceilings inside the home, these first edition styles are just the beginning of a growing jewelry collection inspired by the elegant and intriguing details of America's Largest Home®.

This classic jewelry collection is cast in 925 sterling silver ensuring these special treasures will last for generations.

Alcove

Inspired by the arched alcove windows above the front door of Biltmore House, the distinctive ***Alcove*** pendant and earrings echo the detailed exterior stonework found there.

Crossings

The delicate ***Crossings*** pendant and earrings mirror the beauty of the intersecting abstract cross design on the ornamental ceiling of Biltmore's Billiard Room.

Stonefleur

Like delicate flowers captured in stone, the ***Stonefleur*** pendant and earrings are inspired by carvings on the grand limestone balcony of Biltmore House.
