March 2019

Dear Friends and Supporters,

Thirty-five years ago, we opened our doors with a dedicated group of community members to address what was then a raging epidemic. As the Capital Region's first AIDS resource (called the Capital District AIDS Task Force), this group created a system of support and advocacy that did not exist locally at the time.

These leaders provided support groups, advocated with medical providers and most of all provided comfort to those living with HIV/AIDS. Fortunately, HIV is very different today. People living with HIV are living longer and succeeding in all aspects of their lives.

While we are still focused on the needs of the people living with HIV/AIDS, we now provide services to those living with other chronic illnesses, including diabetes, heart disease, substance use, and mental illness. Here are highlights of the steps we took this Annual Report year to increase our effectiveness and service to the Northeastern New York community:

- In 2018, Governor Cuomo announced the nation's first strategy to eliminate hepatitis C to stop the spread of the virus by increasing access to medication and expand programs to connect New Yorkers with prevention, screening and treatment services. Our staff provides testing in our offices and out in the community, helping to identify people in need and linking them to care.
- Since its inception in 2015, we've seen a tremendous amount of success with our Syringe Exchange Program. The program allows individuals access to sterile needles and harm reduction supplies while safely disposing of used and potentially dangerous hypodermic needles in an effort to prevent the spread of HIV and hepatitis C. This harm reduction program has collected over 700,000 syringes throughout the past three years, with more than 99 percent of distributed syringes being returned.
- To accommodate our growing staff and expanding program services in Hudson, we moved into a larger space. The new space will allow us to provide the community with more services, including HIV and STI testing.

As we recognize 35 years of service in 2019, I would like to thank the volunteers, staff, donors, and board members who have helped to make us what we are today. I would be remiss in not recognizing the thousands of people who have walked through our doors over the years who were/are living with HIV and other chronic diseases.

With your generous support, we can continue to meet our financial goals in the future!

Bill Faragon
Executive Director

6,382

clients served

We provided 38,020 encounters to clients that allowed them to increase health-related knowledge, develop self-advocacy skills and broke down barriers to accessing and remaining adherent to medical care and supportive services.

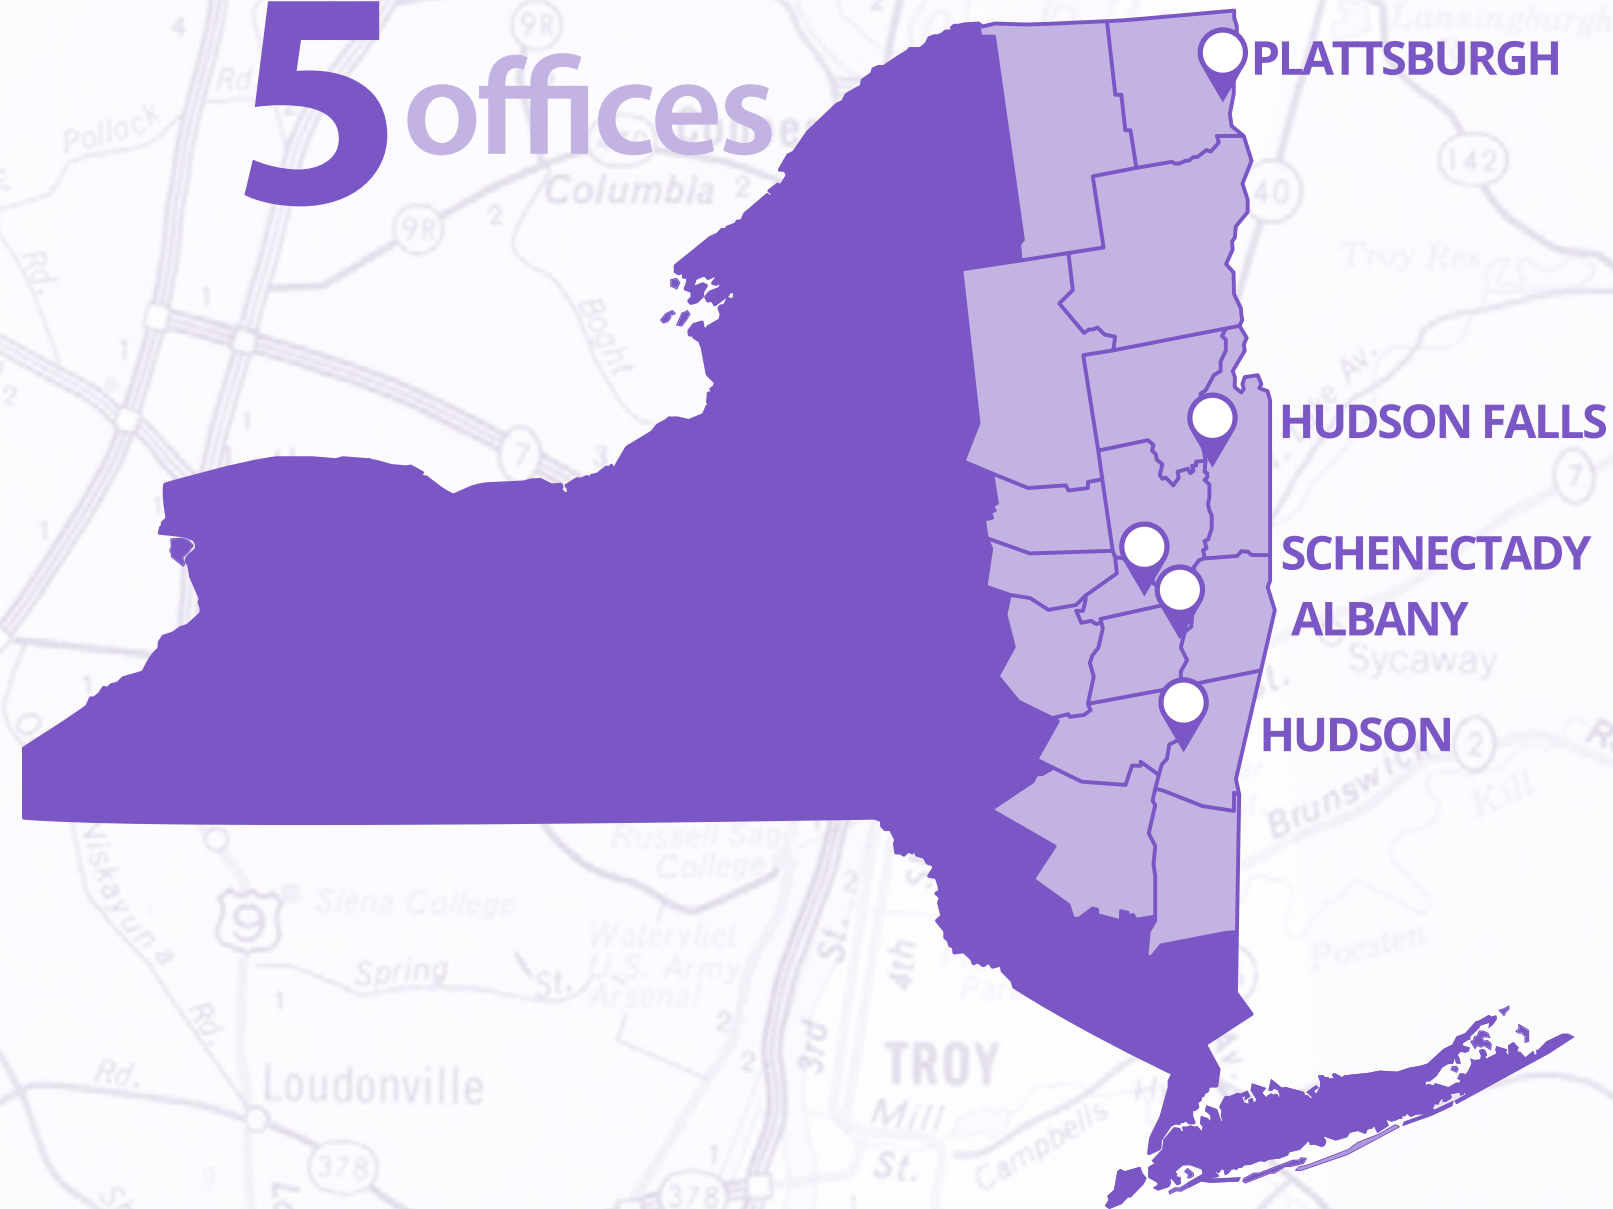

Ending the Epidemic

On June 29, 2014, Governor Andrew M. Cuomo detailed a three-point plan to move us closer to the end of the AIDS epidemic in New York State. The goal is to reduce the number of new HIV infections to 750 by the end of 2020 and achieve the first ever decrease in HIV prevalence in New York State.

The Alliance for Positive Health is committed to helping achieve this goal through programs and services that identify persons with HIV who remain undiagnosed and link them to care; link and retain persons diagnosed with HIV in healthcare to maximize viral suppression to improve health and prevent further transmission; and facilitate access to Pre-exposure Prophylaxis (PrEP) for persons who engage in high-risk behaviors to keep them HIV negative.

17 counties 5 offices

Our core services are offered in the 17 counties of Northeastern New York, stretching from Columbia and Green counties, west to Schoharie, Fulton and Montgomery counties and north to Clinton and Franklin counties. We also offer enrollment in the New York State of Health Exchange in Dutchess and Ulster Counties.

Prevention & Testing

Prevention services include services aimed at preventing HIV, STIs and hepatitis C, and encouraging healthy choices. Services include testing, individual and group harm and risk reduction sessions, linkage and retention for high-risk HIV negative clients (linkage navigation), and clients living with HIV who have fallen out of or are sporadically engaged in care, and linking those newly diagnosed with HIV to care and supportive services.

STI Tests

93

HCV Screens

Syringe Exchange Program

Syringe Exchange Program (SEP) is a public health intervention designed to prevent the transmission of HIV and hepatitis C. The Project Exchange program provides sterile syringes and other harm reduction supplies to people who inject (including opiates, insulin, hormones, etc.).

Services also include education and information on safer injection techniques, safer sex practices, and referrals to HIV/STI/hepatitis C testing, health care, substance use programs, and other supportive services that address barriers to care.

The Opioid Overdose Prevention Program (OOPP) started in July 2015 and has trained over 3,600 individuals in overdose prevention. The agency received approval to establish a Drug User Health Hub incorporating the services of a certified MAT (Medication Assisted Treatment) provider and staff to evaluate, screen, and link SEP participants to health care, treatment, and other services such as wound care and abscess prevention. Cultural competency education and training is also provided through these funds as well as overdose aftercare counseling and prevention. Additional funds were recently awarded to provide hepatitis C navigation services.

Statistics
2017-2018

437

individuals were enrolled in the Syringe Exchange Program.

40,238

syringes were collected from the kiosks and wall mounted units in the community.

46

successful overdose reversals reported.

97.8%

return rate for syringes collected from participants and kiosks.

Employment Opportunities

Employment at the Alliance for Positive Health provides the opportunity to make a life-changing impact by joining an organization that has modeled client-centered care for over 35 years, providing local programs and services to individuals most at risk.

Alliance for Positive Health employees work with individuals who face barriers to accessing health care and social services and strive to reduce health disparities. Our clients' diagnoses are often complicated by stigma, addiction, poverty, homelessness, incarceration or mental illness. We believe that to ask our employees to provide outstanding services in this challenging context, we need to provide outstanding support to them.

We value each employee's unique contribution, providing an atmosphere of learning, innovation, flexibility and opportunity. Alliance for Positive Health employees receive outstanding training, ongoing opportunities for career development, competitive pay and excellent benefits; all within a climate of recognition, inclusion, support and mutual respect.

Agency Events

Photos by Val Schaff

2017 COLUMBIA-GREENE GARDEN PARTY

Each year our Garden Party is held at a different home in Columbia or Greene County. We welcomed over 400 guests to the home of James Ivory located in Claverack, New York.

Photos by Christina Primo

2017 BOO-JOLAIS VAMPIRE BALL

The BOO-jolais Wine Celebraton was a hit at the Albany Capital Center . The Cutie Pharma-Care group (pictured above) came dressed as Vampires as part of the Vampire theme.

DINING OUT FOR LIFE® 15TH ANNIVERSARY

Restaurants donated a minimum of 25% of their food and beverage sales to support the agency's HIV/AIDS programs and services.

Community Outreach

2017 WORLD AIDS DAY

Real Talk teens showcased their Guerilla Art Project focused on adults and youth talking about HIV/AIDS. They also handed out literature and safer sex supplies and spread the word about testing options for youth.

2018 PRIDE

Agency staff and volunteers participated in the Capital Pride Parade at Washington Park. Staff were on hand to provide testing and information on program services to attendees.

TESTING VAN

Over the course of the year, our testing van was out in the community testing individuals for HIV and STI's.

It is our privilege to recognize and thank our 2017-2018 donors.

They have supported our programs with financial contributions and gifts-in-kind.
