

Air Pack Sheet

To be used to fill any remaining vertical space within box. This will prevent shifting and potential damage of contents.

Vertical Divider System

Allows compartmentalization of smaller items while adding additional protection. Flexible system allows for easy customization based on contents

Slip Sheet

Used to separate vertical layers. Added protection to items above and below

Free Gift

PlumbMaster branded tumbler inclusive of website information.

Slip Sheet

Used to separate vertical layers. Added protection to items above and below

BRANDED TOP SLIP SHEET

First item the customer is greeted with when opening a box. Contains plastic film pocket to hold Packing Slip, Stickers and Additional Marketing Materials. Added layer of protection for product within box
