

## **WE'VE JOINED HANDS WITH AICTE IN REVOLUTIONISING EDUCATION.**

We are happy to inform that we are now partnering with AICTE (Government of India's All India Council for Technical Education), the board and regulator of technical education in India for NEAT (National Education Alliance for Technology).

With a vision to provide uninterrupted online learning to millions of students across the country, AICTE has partnered with EdTech companies to empower students with future-ready skills to boost employability and enhance learning outcomes through the NEAT scheme.

In July 2020, we, amongst 9800+ EdTech companies, offered our interest to list our courses on the NEAT portal. We are happy to inform you that IBM is one among the 100 Ed tech companies to get shortlisted through NEAT2.0 and to list IBM Skills Academy courses in the NEAT portal.

**Here's hoping this partnership creates more such opportunities to revolutionise the education sector.**
