

HUMANITY'S MOST EGREGIOUS COSMIC DEBT

**HUMANITY'S ONLY CIVILIZATIONAL LEAP,
IS THAT BEFORE, MILLIONS OF YEARS AGO,
PROTOHUMANS USED TO KILL AND EAT ANIMALS RAW.
AND NOW WE, THE FIFTH INCARNATION, HOMO SAPIEN
SAPIENS, KILL AND COOK ANIMALS FIRST,
AND THEN EAT THEM IN RESTAURANTS BY CANDLELIGHT.**

**WHEN WE HAVE THE TECHNOLOGY TO CULTIVATE
ANIMAL PROTIEIN HUMANELY, WITHOUT SUBJECTING
LIVESTOCK TO INHUMANE, BARBARIC TORTURE AND
SLAUGHTER.**

**AND WE CONSIDER OURSELVES AN EVOLED SPECIES,
WORTHY OF VENTURING AMONG THE STARS, AND
MEETING OTHER CIVILIZATIONS THOUSANDS, EVEN
MILLIONS OF YEARS MORE ADVANCED THAN HUMANITY.**

**HOW HAUGHTY, ARROGANT, AND FOOLISH HUMANITY
REMAINS-- BLISSFULLY IGNORING OUR MOST
EGREGIOUS, KARMIC, MORAL DEBT.**

**HOW WOULD HUMANITY FUNCTION, IF WE DISCOVERED
EXTERRESTRIAL CIVILIZATIONS THINK OF HUMANITY—**

THE WAY HUMANITY THINKS OF OUR LIVESTOCK?...
