► **WHO: HARDEEP PANDHAL (33)**

WHY: Irreverent satirical and focused on “unrepresentable ideas,” his art is all shock and delight. His work at the Jhaveri Contemporary booth at Frieze London 2018 put this artist on everyone’s watch list—including Jagdip Jagpal, director, India Art Fair, who says, “He uses his British, Asian and Sikh heritage to explore the slippery and shifting nature of identity politics today.” >
