## Anns Cottage

Responsible for a design and web team producing and updating company website and marketing material such as brochures, branding, POS and business cards using Adobe Creative Suite to design, this was done while liaising with the marketing manager.

- Using Adobe Creative Suite to keep the company website content up to date. This included the main banners, product, news and events. Website was updated using a web content management system (CMS) and FTP
- Being the first point of contact for all sales enquiries from the website.
- Liaising with marketing and sales team when designing in store signage
- Designing and managing press advertising while keeping to a strict brief, budget and deadline.
- Designing layouts for publications and print.
