

BROADBAND BUSINESS FINANCING

Our team of broadband lending experts understands this unique industry, inside and out. We want to invest in you whether you're looking to purchase another ISP business, add towers or antennas, lay more fiber or enhance your technology. Beyond the traditional banking experience, we strive to be an asset to our customers by turning obstacles into opportunities. Let our team confidently guide you through the lending process and craft a unique plan that will help you and your business thrive.

Why Live Oak

Broadband industry experience and expertise

Service & dedication

Transparency & guidance

Benefits of Working With Us

- Loans for fiber optic and fixed wireless broadband expansions
- Loan terms as long as 10 years for wireless and 20 years for fiber
- Bank-rate financing instead of high-interest leasing
- We know your business and value your recurring revenues for loan qualification
- We provide FCC / universal service letters of credit

Project Types

- New towers and wireless equipment
- Fiber optic installation tools, conduit, complete projects including working capital and soft costs
- Buyouts and acquisitions
- Spectrum purchases

What We Need to Get Started

- Review your business tax returns and/or financials
- Look at existing debt
- Determine how much you need to borrow and for what purposes
- Look at your projected return on loan investment

“

Live Oak was great to work with. The process was relatively painless and when we had minor issues they were handled promptly and professionally. I wouldn't hesitate to refer others to Live Oak or to use the bank for future business.”

- Mark Radabaugh
