Is there anything better than fine-dining in the comfort of your own home?

At Wakame, we understand current circumstances might prevent diners from visiting our restaurant in person. That's why we're delighted to remind everyone about our online delivery service.

By visiting <https://wakame.ae/wakame-menu/>, customers can choose their favourite dishes and have them delivered direct to their door. Everything from crab truffle maki to waygu truffle miso tacos. Plus, with no middle-man, we personally take care of each individual order to ensure everyone continues to enjoy the best Wakame has to offer.

We're sure this unique service is something your followers will love too, and that's why we'd be grateful if you could continue to help share our details online. Of course, if you need any additional information or images for upcoming posts, please do not hesitate to get in touch.

Thanks again for your support during these extraordinary times.

Stay safe,

The Wakame Team.
