

NESPRESSO®

PROFESSIONAL

A SIGN OF EXCELLENCE

To choose **Nespresso** coffees and commercial machines for your business is a symbol of your passion for excellence and commitment to your customers. Our capsules are developed to satisfy the most discerning palates, sourced from the finest coffee growing territories around the world and used with machines that deliver exceptional coffee, cup after cup. Together this adds up to a strong yet subtle statement that affirms your establishment's association with a discerning luxury lifestyle.

GEMINI CS220

Share exceptional milk-based coffee recipes with your customers and employees. Fitted with the double head technology and milk frothing function, this machine is perfect for Latte lovers as the Gemini 220 makes flawless Cappuccinos and Latte macchiatos.

NESPRESSO CAN HELP TO ACCELERATE YOUR BUSINESS

Nespresso Coffee Experts are also acutely aware of the need to continually deliver exceptional, surprising and new coffee experiences to customers.

The perfect coffee does influence a restaurant customer's experience: rounding off a meal or stopping for a richly sensorial coffee can generate strong emotional connections. Indeed the right coffee can be a true differentiator in creating attention to detail for customers.

ZENIUS

Style, quality and professional performance in a compact coffee machine. Ideal for any size of business, the Zenius coffee machine is compact yet designed to satisfy demanding professional needs.

NESPRESSO®

PROFESSIONAL

COFFEE & MACHINES FOR YOUR RESTAURANT & CAFÉ

Serving delicious, and bespoke beverages can significantly contribute to the success of your establishment. Customers today are fast becoming coffee connoisseurs and many will go out of their way to seek a great coffee. **Nespresso** can enhance the coffee offering of your cafe or restaurant by adding incomparable milk mousse to our exceptional quality Grands Crus.

AGUILA 220

High performance in a compact machine with unmatched choice of one-touch recipes. With only two extraction heads, this new machine offers you the same professionalism, cup after cup, even with high volume demands. Its pre-set recipes will respect the barista tradition, enhanced by state of the art technology with unmatched in-cup quality.
