

Lung Transplant Program

AdventHealth Transplant Institute

For all Lung Transplant Program referrals or needs, call us at 407-303-2474.

In 2012, AdventHealth Transplant Institute established the first and only lung transplant program in Orlando. This comprehensive program provides patients with access to the most advanced medical knowledge and surgical techniques. The surgical and medical team at AdventHealth came from leading programs that performed successful transplantations in even the most high-risk, complex patients. Through their vast combined experience and leadership, we are able to provide superior clinical outcomes and the highest quality patient care to those with end-stage lung disease.

Our Physicians

R. Duane Davis, Jr., MD, *Chief Medical Officer, AdventHealth Institutes and Lung Transplant Surgeon*
Education: University of California Los Angeles (Medical Degree), Duke University (MBA, Health Sector Management)
Residency: Duke University
Fellowship: Duke University

Prior to joining AdventHealth, Dr. Davis spent 31 years at Duke University Medical Center, building the largest lung transplant program in the United States. There, he served as Professor of Cardiothoracic Surgery and Director of Transplantation. His clinical specialties are cardiothoracic transplant programs, adult acquired heart disease and pulmonary artery thromboendarterectomy. He is a past president of the International Society of Heart and Lung Transplantation (ISHLT) and has served on various committees for UNOS and the American Association of Thoracic Surgery (AATS).

Linda Bogar, MD, *Heart and Lung Transplant Surgeon, Surgical Director of Lung Transplant*
Education: Temple University School of Medicine
Residency: Temple University Hospital and Thomas Jefferson University Hospital
Fellowship: Temple University Hospital

Prior to joining AdventHealth, Dr. Bogar served as the Surgical Director of the Heart Transplant and Mechanical Circulatory Support program at Inova Alexandria Hospital in Alexandria, VA. Dr. Bogar brings 15 years of clinical and surgical experience, with expertise in complex and high-risk cardiac surgery along with a focus in heart and lung transplant and mechanical circulatory support.

Cynthia Gries, MD, *Medical Director of Lung Transplant*
Education: University of Chicago (Medical Degree), University of Washington (MSc, Epidemiology)
Residency: Johns Hopkins University
Fellowship: University of Washington

Dr. Gries joined AdventHealth from the University of Pittsburgh Medical Center, where she and her colleagues specialized in caring for high-risk lung transplant patients. She also served as the Director of Outcomes Research at UPMC. Her research interests focus on the role of health literacy in the informed consent process of lung transplant patients and post-transplant adherence. Dr. Gries is the current chair of the Pulmonary Council for the International Heart and Lung Society (ISHLT) and is past chair of the Thoracic Community of Practice for the American Society of Transplantation (AST).

June Kim, MD, *Transplant Pulmonologist*
Education: SUNY Downstate Medical School
Residency: Albert Einstein College of Medicine
Fellowship: Duke University Medical Center and Mount Sinai Hospital

Dr. Kim joined AdventHealth from the University of Maryland Lung Transplant/Advanced Lung Disease program where she led the Quality Assessment and Performance Improvement Program for Medical Lung Transplantation. She also served as Director of the Lung Transplant Program.

Joseph Boyer, MD, *Heart and Lung Transplant Surgeon*
Education: Marshall University
Residency: SUNY Upstate Medical Center
Fellowship: SUNY Upstate Medical Center, Loyola Chicago Stritch School of Medicine

In addition to his surgical role at the Transplant Institute, Dr. Boyer serves in various leadership positions at AdventHealth including Surgical Director of the Thoracic Oncology Program for the Cancer Institute and Director of Robotics and Minimally Invasive Cardiothoracic Surgery for the Cardiovascular Institute.
