

In the Creative Climbers Workshop/Printshop, individuals learn new skills, improve existing skills, and enhance their confidence and self-esteem in a work setting. They will engage in a training program and must complete an application and participate in a mock interview prior to becoming an official Creative Climber. As minimum wage paid employees of the workshop, they will design and produce custom printed mugs, t-shirts, insulated bottles as well as make bath bombs, soaps and candles to sell to the public.

## THE ABILITY TO OVERCOME IT ALL

The Journey to Success Foundation, Inc. is transforming the lives of people with intellectual and developmental disabilities in Central Florida and the Nature Coast including Citrus, Marion and Hernando counties.

*To learn, to develop, to achieve.*
