Edexcel BTEC HND IN ART & DESIGN

The Edexcel BTEC Level 5 HND provides greater breadth and specialization than the Edexcel BTEC Level 4 HNC. Edexcel BTEC HNDs are mode free but are followed predominately by full-time learners. They allow progression into or within employment in the art, craft and design sector, either directly on achievement of the award or following further study to degree level.

The Edexcel BTEC Level 5 HND Diploma in Art and Design provides opportunities for learners to apply their knowledge and practical skills in the workplace. Full-time learners have the opportunity to do this through formal work placements or part-time employment experience. The qualification prepares learners for employment in the art, craft and design sector and will be suitable for learners who have already decided that they wish to enter this area of

work. Some adult learners may wish to make the commitment required by this qualification in order to enter a specialist area of employment in art, craft and design or progress into higher education. Other learners may want to extend the specialism that they followed on the Edexcel BTEC Level 4 HNC programme. The Edexcel BTEC Level 5 HND Diploma in Art and Design also offers a progression route for learners who are studying on an Edexcel BTEC Level 4 HNC Diploma in Art and Design or any of the following.
