## NEAPOLITAN INFLUENCED PIZZA DELIVERED TO YOU

BLAZED Pizza was started by Andra Roig, Jr. after he moved to Cornwall, NY from Harlem N.Y. While making pizza at home, Andra immersed in making the perfect pizza from scratch using an OONI pizza oven and fresh ingredients from his garden to create an authentic Neapolitan influenced pizza during the pandemic. Now four years later, and hundreds of pizzas given away to family, friends and neighbors, Andra is bringing his delicious Neapolitan influenced pizza to you.

## EXPERIENCE MARGHERITA

At first, my pizza attempt at making a margherita pie seemed so far out of my skill set. I never thought that I could do it with authentic ingredients right out of my garden. Four years later and hundreds of delicious attempts later, I present the Blazed Margherita pie to you.

Blazed Margherita pizza brings authentic Italian taste to your table, made fresh, never reheated and incredibly delicious. Try yours today!

## WINE + PIZZA = HEAVEN

Snoop Dogg 19 Crimes Wine is a great pairing with Blazed Pepperoni Pizza.

19 Crimes Cali Red is a blend of 65 percent Petite Syrah, 30 percent Zinfandel, and five percent Merlot. Aged in American oak, it has dense notes of black and blue fruits. If you like an Apothic Red, chances are you'll like this label. You can find 19 Crimes Wine and many more at [Cornwall Wines and Spirits](#).
