

Novatol® Vitamin E **Twice the Bioavailability, Purely Plant-Based**

Novatol® delivers a premium, plant-derived source of vitamin E:

- 2x the bioavailability of synthetic vitamin E so the body absorbs more of what it needs
- Consumers associate vitamin E with supporting cardiovascular health, vision, immune, and even cognitive function
- Backed by nature and science, Novatol® is the trusted choice for brands and consumers seeking a superior vitamin E solution

Find the right option for your application!
