DOUBLE Your Gift

Year-End Match Opportunity!

A young Pamela Marquardt (left) with her family.

Dear <<Salutation>>,

When my mother died from pancreatic cancer at age 68, I was heartbroken. I met a group of friends in a 'pancreas cancer chat room' and we were all committed to doing something... anything... to fight back against this disease that had torn apart our lives.

PanCAN was founded as a place where people could put their grief and anger to work to create change. And you certainly have. We've come so far thanks to you and all our generous donors. That's why I wanted you to know about this special opportunity to maximize your gift.

[Salutation], [make a year-end gift now and it'll be matched to double your impact](#) (up to \$50,000). You'll double your impact on research, vital services and free, personal one-to-one support for pancreatic cancer patients and their families.

DOUBLE MY DONATION

This month marks the anniversary of my mother's passing. I hope that she somehow knows she inspired the creation of PanCAN. I hope she knows her favorite color is now globally associated with pancreatic cancer.

And as part of the purple army, together we're working toward a day when no one will have to lose a family member to pancreatic cancer. [Your year-end donation](#) will improve patient outcomes, allow pancreatic cancer patients to thrive and most importantly, provide hope to everyone facing this disease.

Pamela's late mother, Rose Schneider.

Thank you in advance for your gift today. We can't fight this disease without you.

Sincerely,

Pamela Marquardt
Founder, Pancreatic Cancer Action Network
