Thanks, *really* appreciate what we've made, always great to work on stuff, this year's stuff will be way more structured, was kind of learning how to do everything before personally(still am haha). You always bring up good ideas whenever we shoot and add little things I had no idea would help so I forreal appreciate it, can't wait to work on more stuff!

Best. E

Giavanna, it's always such a pleasure working with you! I'm happy you got to shine (pun intended) as the lead gaffer this time on one of our projects. The lighting turned out fantastic. I can't choose just one favorite scene, but the picnic, porch conversation, and dinner party were some of the standouts to me.

–Brandan, Producer
